

Carrotech

IN-LINE RIPPER

Invest in the right tool

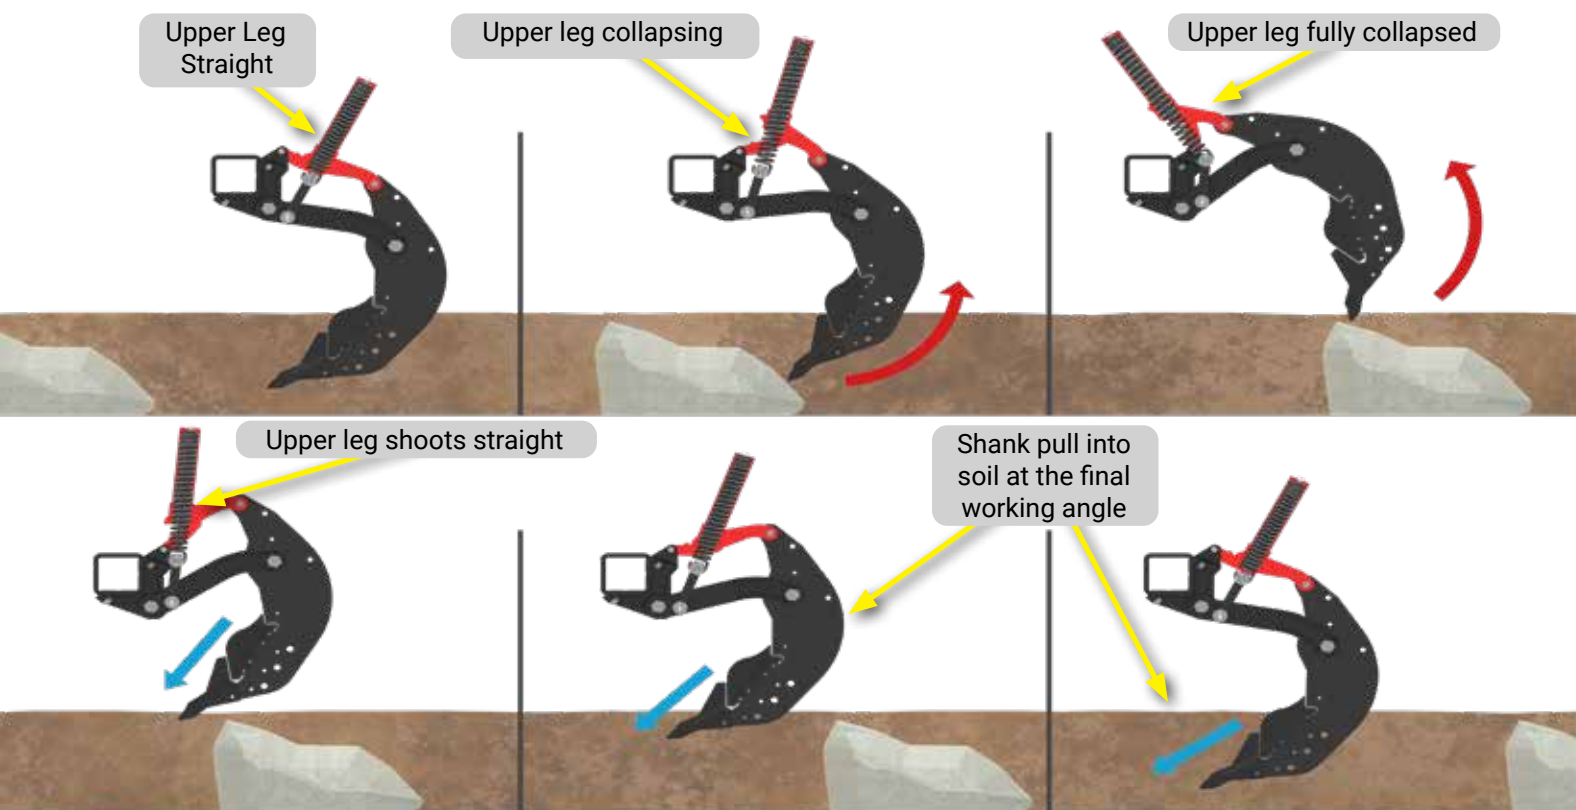

**FIGHT COMPACTION
INCREASE YOUR YIELD**

*The Carrotech Ripper provides superior
soil fracture & low surface disturbance.*

www.carrotech.co.za

Fitted with a unique double action auto-reset trip mechanism

**1500 KG
Break Away Force**

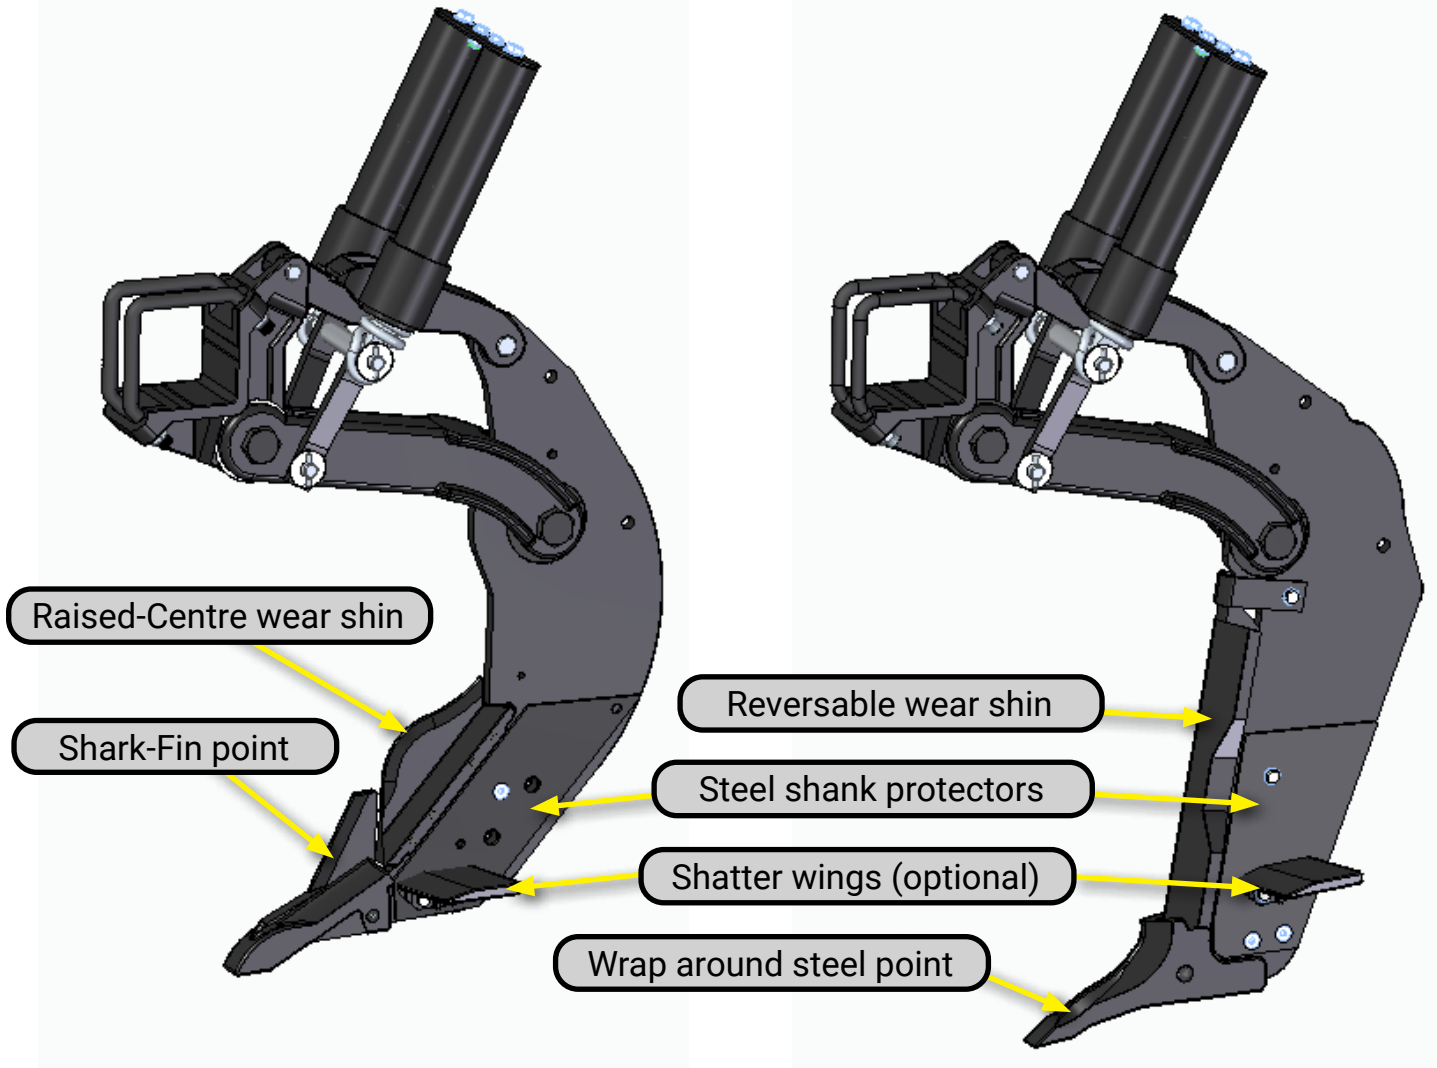

Our ripper shanks are supplied by :

Unverferth
Manufacturing Company, Inc.

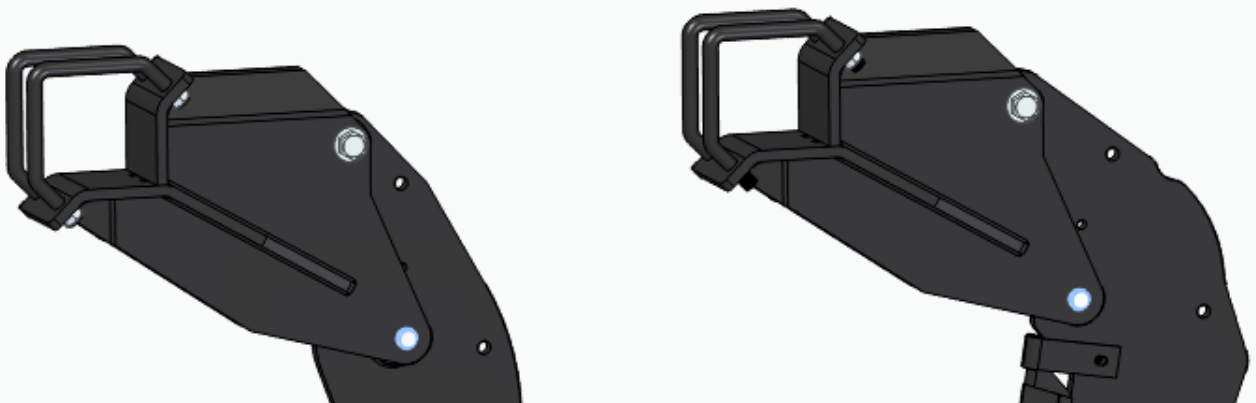

Kalida, Ohio 45853, United States
www.unverferth.com

CURVED SHANK
400mm max. depth
Lower draft force

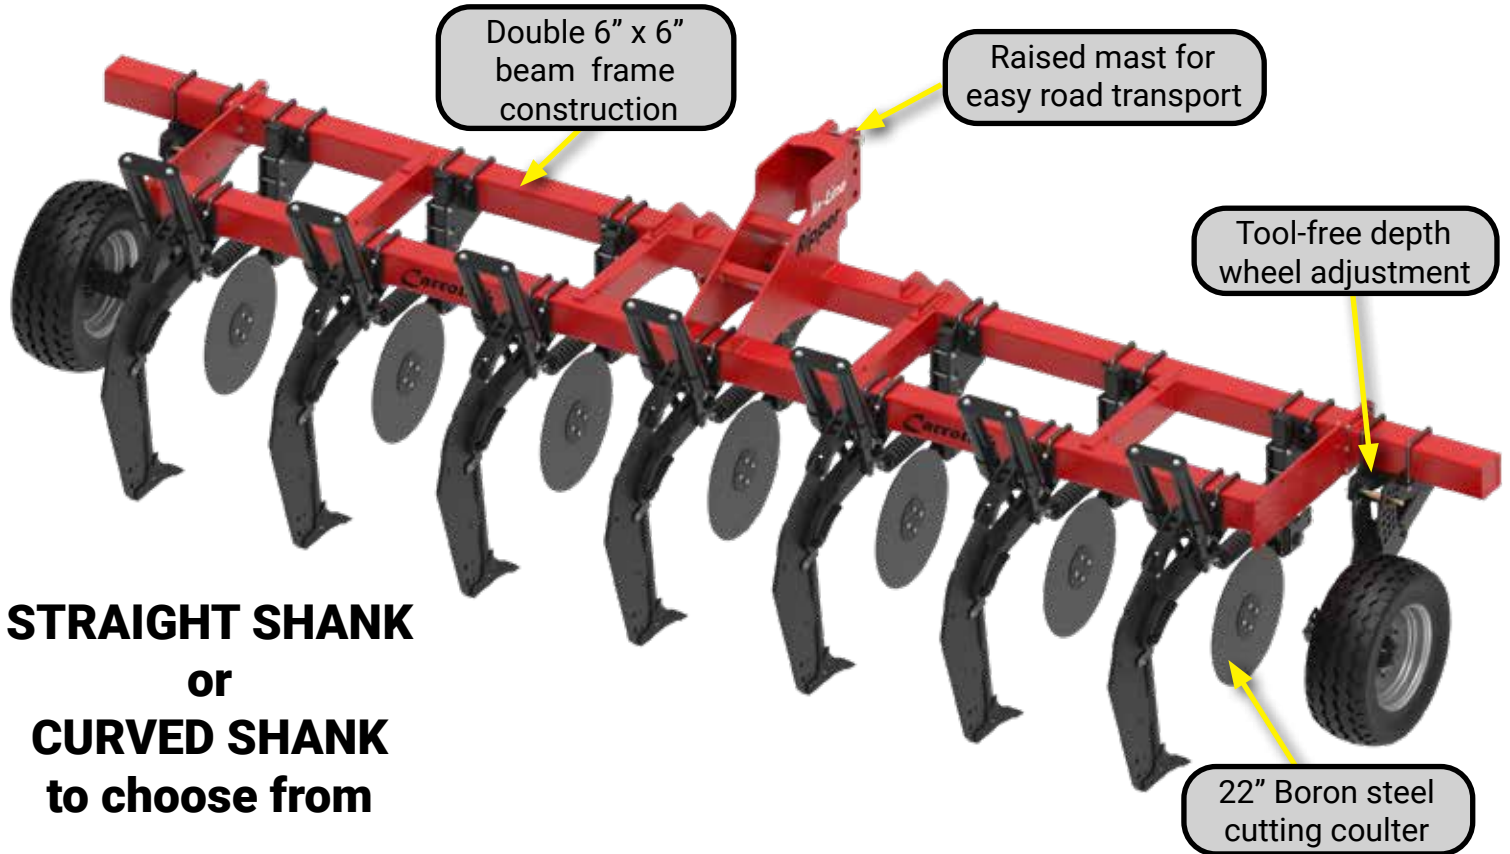

STRAIGHT SHANK
500mm max. depth
Lower surface disturbance

Both shanks can be ordered with a shear bolt mounting.

Ideal for in-line or inter-row tillage to break any hardpan layers without creating too much surface disturbance.

**1500 KG
Break Away Force**

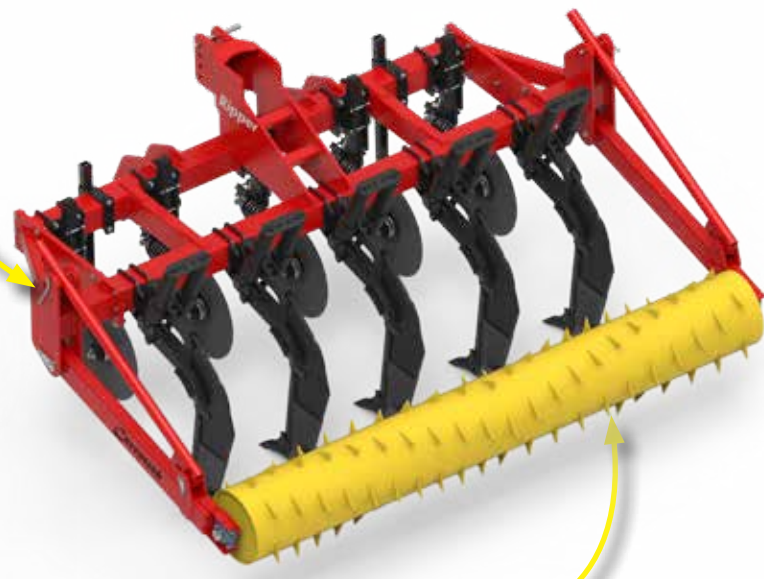

REBAR CAGE ROLLER

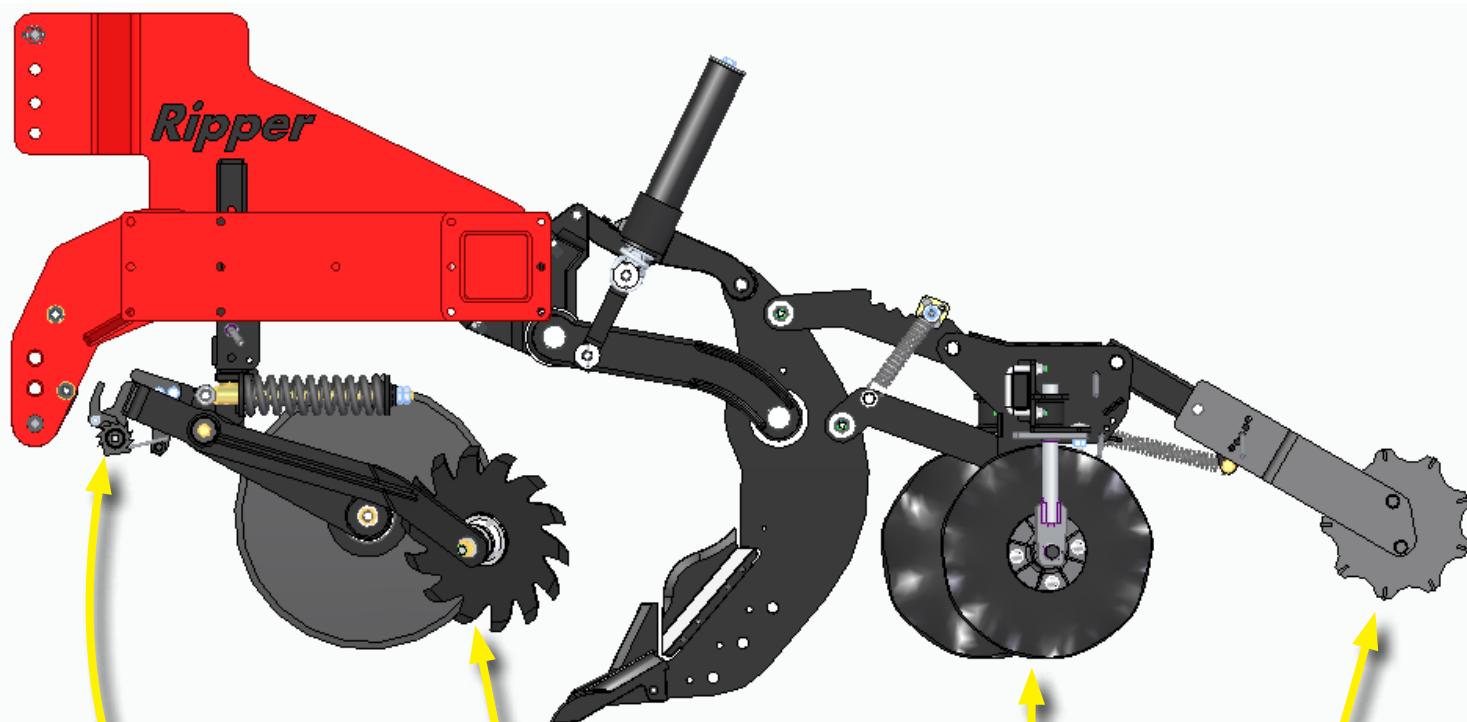

SPIKED DRUM ROLLER

Easy quick and
tool free high
adjustment

Can be filled with liquid for extra downforce

Strip-Till attachments

TENSIONER SPRING

Adjustable down force to keep row cleaners sweeping efficiently at high speeds.

16" FLOATING ROW CLEANERS

Follow ground contours independently.

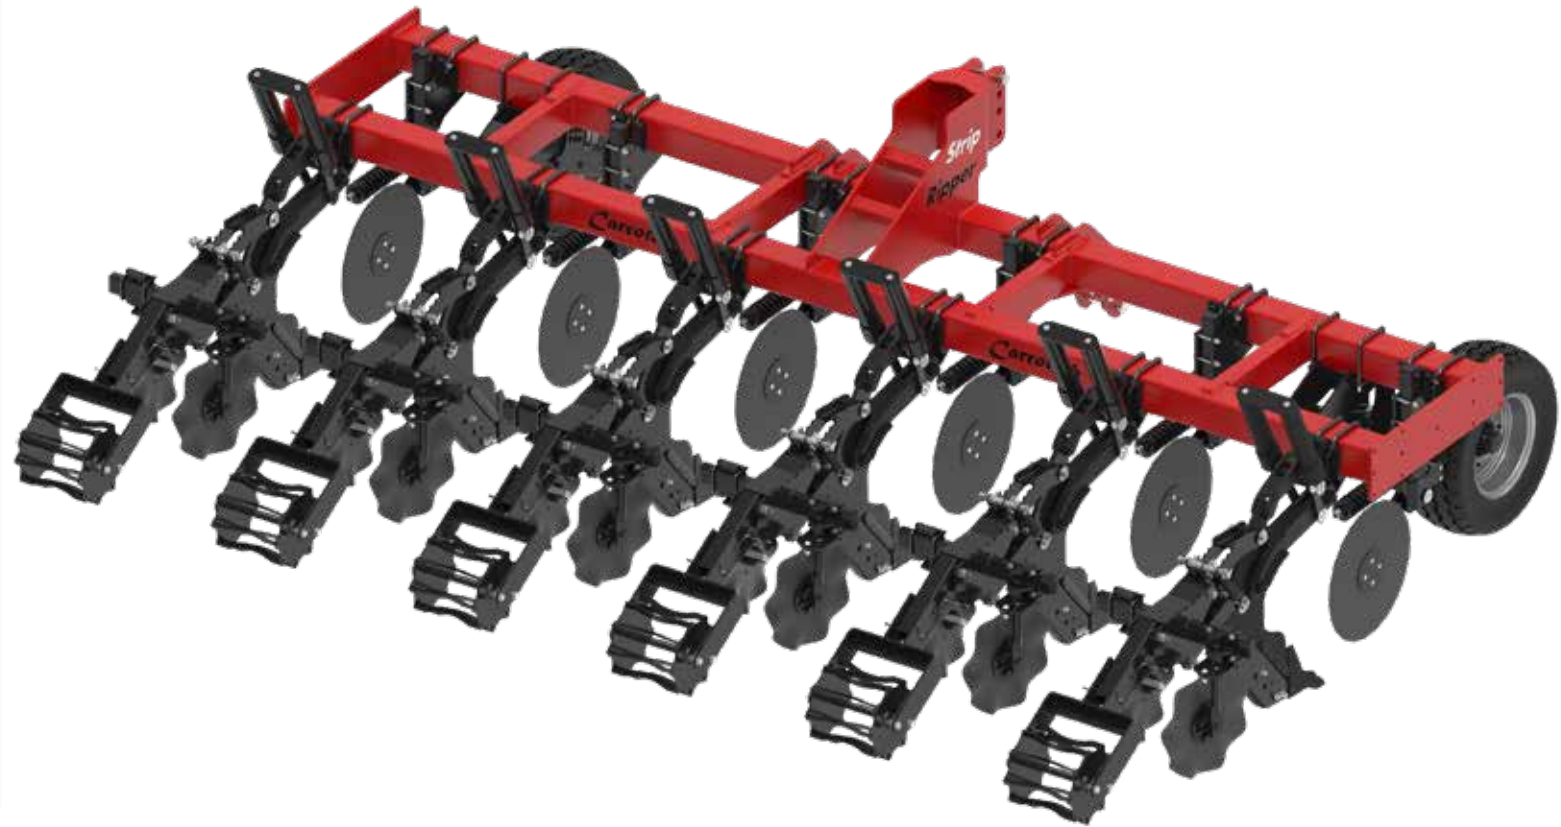

18" WAVY COULTERS

- Till top soil and crush clods
- Adjustable down force
- Can be set wider and narrower
- Can be set straight, toe-in or toe-out to create a flat seed bed, a trench or a ridge.

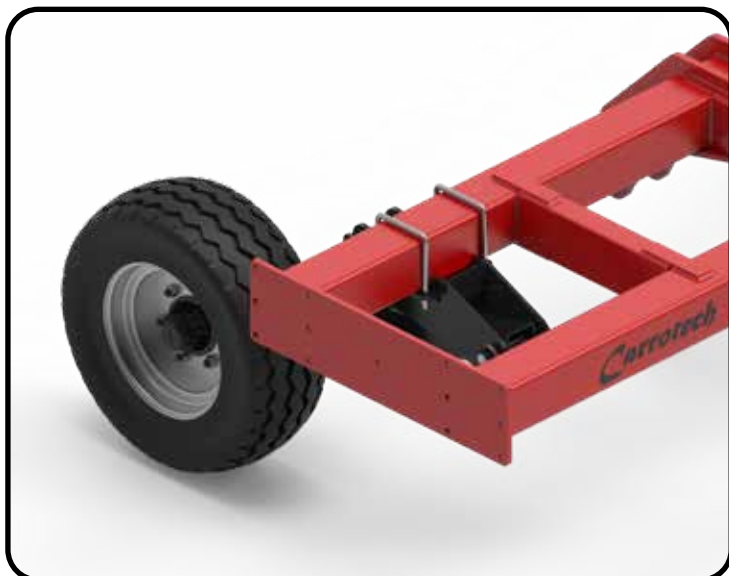

320mm ROLLER BASKET

Rolling basket crumbles and compacts the soil to form a firm seedbed.

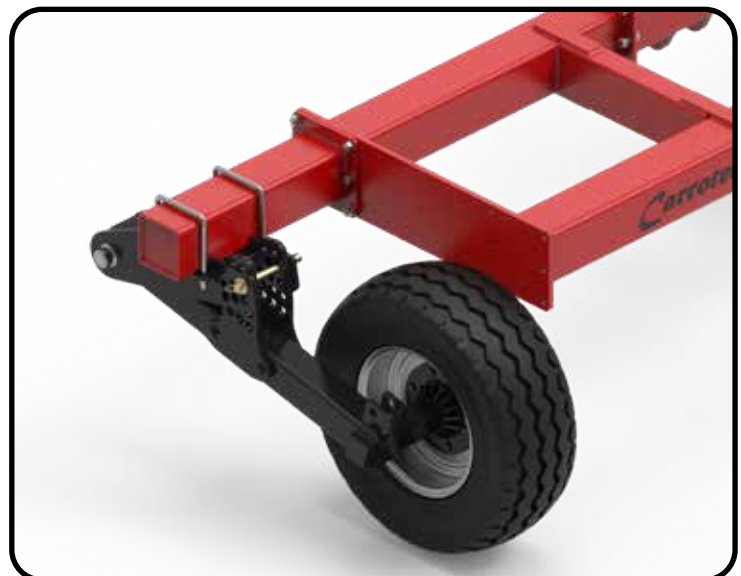

A robust strip-till and ripper combination ideal for seedbed preparation while targeting deeper compaction layers.

Front Mounted Depth Wheel

Rear Mounted Depth Wheel
